Connect

You can choose to connect the telephone base for desktop usage or wall mounting.

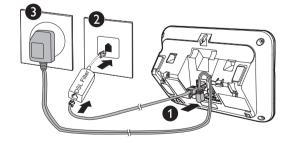

WEX OPERO QUET#

PNOTE • Use only the power adapters supplied with this product

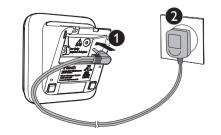

• If you subscribe to digital subscriber line (DSL) high-speed Internet service through your telephone line, make sure you install a **DSL filter** (not included) between the telephone line cord and telephone wall jack. Contact your DSL service provider for more information

Connect the telephone base

Connect the charge

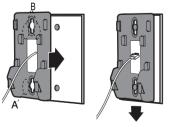

Mount the telephone base

The telephone comes ready for tabletop use. If you have already installed the telephone for tabletop use, unplug the telephone line cord from the telephone wall jack, and unplug the telephone base power adapter from the wall outlet before mounting your telephone on a wall. Follow the steps below to mount your telephone on a wall.

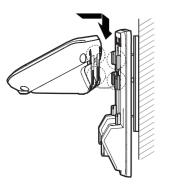

1. Route the telephone line cord through the rectangular hole on the wall mount bracket. Then plug the two ends of the telephone line cord into the telephone base and the wall outlet as shown.

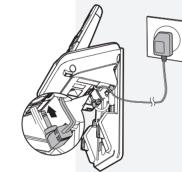

Align the holes on the bracket with the standard wall plate and slide the bracket down until it clicks securely in place.

3. Align the grooves on the telephone base with the tabs on the wall mount bracket, and then slide it down until it clicks securely in place.

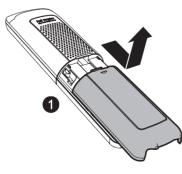

4. Connect the power adapter to the telephone base and an electrical outlet not controlled by a wall switch

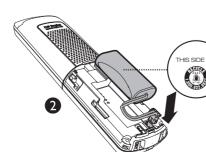

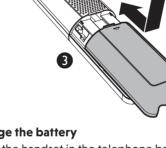

Install and charge the battery

Install the battery

- Install the battery as shown below.
- **O**NOTES
- disconnect and remove the battery to prevent possible leakage.

Place the handset in the telephone base or the charger to charge

Once you have installed the battery, the handset LCD display indicates the battery status (see the table below).

Press TALK , (), OFF, or any dialing key on the

• Place the handset in the telephone base or charger.

 Do not press and hold /FIND HANDSET for more than four seconds. It may lead to handset deregistration

Join a call in progress

You can use up to two system handsets at a time on a home line call. You can buy additional expansion handsets (CS6709) for this telephone base. You can register up to five handsets to the telephone base.

When a handset is on a home call, press $\sum_{\mathbf{x} \in \mathbf{X}} or \mathbf{A}$ on another handset to join the call. • Press OFF to exit the call. The call continues until all handsets hang up

Transfer a call

While on an outside call, you can transfer the call from one handset to another

- 1. Press **MENU** on your handset during a call.
- 2. Scroll to Transfer, and then press SELECT.
- 3. Use the dialing keys to enter a destination handset number.
- 4. To answer the intercom call, press TALK, (1), or any dialing key on the destination handset.

Intercom

Use the intercom features for conversations between two devices.

- 1. Press **INT** on your handset when not in use. Use the dialing keys to enter a destination handset number
- 3. To answer the intercom call, press TALK, (1), or any dialing key on the destination handset.
- 4. To end the intercom call, press **OFF** or place the handset back in the telephone base or charger.

Transfer a call using intercom

While on an outside call, you can use the intercom feature to transfer the call from one handset to another

- 1. Press **INT** on your handset during a call. 2. The current call is put on hold. Use the dialing keys to enter a destination handset number.
- 3. To answer the intercom call, press TALK, (*), or any dialing key on the destination handset. You can now have a private conservation before transferring the call.

Frequently asked questions

Below are the questions most frequently asked about the cordless telephone. If you cannot find the answer to your question, visit our website at

www.vtechphones.com or call 1 (800) 595-9511

for customer service. In Canada, go to www.vtechcanada.com or call 1 (800) 267-7377.

	My telephone does not work at all.	Make sure the telephone base is installed properly, and battery is installed and charged correctly. For optimum daily performance, return the handset to the telephone base after use.
-	The display shows No line . I cannot hear the dial tone.	Disconnect the telephone line cord from your telephone and connect it to another telephone. If there is no dial tone on that other telephone either, then the telephone line cord may be defective. Try installing a new telephone line cord.
		If changing telephone line cord does not help, the wall jack (or the wiring to this wall jack) may be defective. Contact your telephone service provider.
		You may be using a new cable or VoIP service, the existing telephone jacks in your home may no longer work. Contact your service provider for solutions.
	The display shows To register HS and see manual alternately. The handset does not work at all.	The handset is deregistered from the telephone base.
		Place the handset in the telephone base to register it back. The handset shows Registered and you hear a beep when the registration process completes. This process takes about 90 seconds to complete.
	l accidentally set my LCD language to Spanish or French, and I don't know how to change it back to English.	While the handset is not in use, press MENU and then enter *364 # to change the handset LCD language back to English.

- 4. From this intercom call, you have the following options:
- You can let the destination handset join you on the outside call in a three-way conversation. Press and hold INT on the originating handset.

How do you get warranty service?

To obtain warranty service in the United States of America, please visit our website at www.vtechphones.com or call 1 (800) 595-9511. In Canada, go to **www.vtechcanada.com** or dial 1 (800) 267-7377.

NOTE: Before calling for service, please review the user's manual - a check of the Product's controls and features may save you a service call.

Except as provided by applicable law, you assume the risk of loss or damage during transit and transportation and are responsible for delivery or handling charges incurred in the transport of the Product(s) to the service location. VTech will return repaired or replaced Product under this limited warranty. Transportation, delivery or handling charges are prepaid. VTech assumes no risk for damage or loss of the Product in transit. If the Product failure is not covered by this limited warranty, or proo of purchase does not meet the terms of this limited warranty, VTech will notify you and will request that you authorize the cost of repair prior to any further repair activity. You must pay for the cost of repair and return shipping costs for the repair of Products that are not covered by this limited warranty.

What must you return with the Product to get warranty service?

- 1. Return the entire original package and contents including the Product to the VTech service location along with a description of the malfunction or difficulty: and
- 2. Include a "valid proof of purchase" (sales receipt) identifying the Product purchased (Product model) and the date of purchase or receipt; and
- 3. Provide your name, complete and correct mailing address, and telephone number.

Other limitations

This warranty is the complete and exclusive agreement between you and VTech. It supersedes all other written or oral communications related to this Product. VTech provides no other warranties for this Product. The warranty exclusively describes all of VTech's responsibilities regarding the Product. There are no other express warranties. No one is authorized to make

Delete a directory entry:

- When the desired entry displays, press DELETE.
- When the screen displays Delete contact?, press SELECT.

Speed dial

You can copy up to 9 directory entries into the speed dial locations (0 and 2-9) so that you can dial these numbers using fewer keys than usual.

The speed dial memory locations are stored in the telephone base and are shared by all handsets. Changes made to the speed dial entries on one handset apply to all.

Assign a speed dial entry

- 1. Press MENU when the phone is not in use.
- 2. Scroll to **Directory**, then press **SELECT**.
- 3. Scroll to Speed dial, then press SELECT. 4. Press ▼ or ▲ or the dialing keys (0 or 2-9) to
- choose the desired speed dial location.
- 5. Press SELECT. The screen displays Copy from DIR... and then the first entry in the directory. 6. Scroll to browse to the desired entry.
- -OR-Use the alphabetical search to find the desired
- entry. 7. Press SELECT to save. You hear a confirmation. The name (up to 12 characters) appears in the selected speed dial location.

- If the directory is empty, when you press SELECT in Step 5, the screen displays **Directory empty**
- If the speed dial location you selected is occupied, the new directory entry you selected replaces the old one. Take caution not to replace entries you do not wish to delete from the speed dial locations.

Reassign a speed dial entry

- 1. Press MENU when the phone is not in use.
- 2. Scroll to Directory, then press SELECT.
- 3. Scroll to Speed dial, then press SELECT.
- 4. Press $\mathbf{\nabla}$ or \mathbf{A} , or use the dialing keys to choose the speed dial location you want to reassign.
- 5. Press **SELECT** twice. The screen displays Reassign SD.
- 6. Press SELECT. The screen displays Copy from **DIR...** and then the first entry of the directory. 7. Scroll to browse to the desired entry.

modifications to this limited warranty and you should not rely on any such modification.

State/Provincial Law Rights: This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state or province to province.

Limitations: Implied warranties, including those of fitness for a particular purpose and merchantability (an unwritten warranty that the Product is fit for ordinary use) are limited to one year from the date of purchase. Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. In no event shall VTech be liable for any indirect, special, incidental, consequential, or similar damages (including, but not limited to lost profits or revenue, inability to use the Product or other associated equipment, the cost of substitute equipment, and claims by third parties) resulting from the use of this Product. Some states/provinces do not allow the exclusion or limitation of incidental or consequential damages, so the

above limitation or exclusion may not apply to you.

Please retain your original sales receipt as proof of purchase.

Technical specifications

Ringer volume

You can adjust the ringer volume level, or turn the ringer off.

- 1. Press MENU when the handset is not in use.
- 2. Scroll to Ringers, and then press SELECT.
- Press SELECT to choose Ringer volume.
- 4. Scroll to adjust the volume, and then press

SELECT to save.

 If the handset ringer volume is set to off, that handset is silenced for all incoming calls except paging tone.

Temporary ringer silencing

When the telephone is ringing, you can temporarily silence the ringer of the handset without disconnecting the call. The next call rings normally at the preset volume.

- Press OFF or MUTE on the handset. The
- handset displays \boldsymbol{x} and $\boldsymbol{Ringer}\ \boldsymbol{muted}$ briefly.

Quiet mode

You can turn on the quiet mode for a period of time. During this period, all tones (except paging tone) and call screening are muted. When you turn on the quiet mode, the answering system turns on automatically.

- 1. <u>Press and hold</u> **WET#** on the handset or lephone base when idle
- Use the dialing keys (**0-9**) to enter the 2. duration, and then press **SELECT** to save.
- To turn off the quiet mode, press and hold QUET # on the handset or telephone base when idle.

Expand your telephone system

You can add new handsets (CS6709, purchased separately) to your telephone system. Your telephone base supports a maximum of five handsets.

For more details, refer to the user's manual that comes with your CS6709 new handset.

ECO mode

This power conserving technology reduces power consumption for optimal battery performance. The ECO mode activates automatically whenever the handset is synchronized with the telephone base.

General product care

Taking care of your telephone Your cordless telephone contains sophisticated electronic parts, so it must be treated with care.

Avoid rough treatment

Place the handset down gently. Save the original packing materials to protect your telephone if you ever need to ship it.

Avoid water

Your telephone can be damaged if it gets wet. Do not use the handset outdoors in the rain, or handle it with wet hands. Do not install the telephone base near a sink, bathtub or shower.

Electrical storms

Electrical storms can sometimes cause power surges harmful to electronic equipment. For your own safety, take caution when using electrical appliances during storms

Cleaning your telephone

Your telephone has a durable plastic casing that should retain its luster for many years. Clean it only with a dry non-abrasive cloth. Do not use dampened cloth or cleaning solvents of any kind.
