Congratulations on your new VTech product. Before you can enjoy your new VTech product, please carefully read and follow the enclosed important safety instructions. This VTech product is intended for use with basic and standard telephone services only. A variety of advanced features are designed for use with optional telephone services, such as caller ID, call waiting, call forwarding, etc. Please refer to the owner's manual for a list of optional telephone services supported by this product.

1. Connect the power adapter to the telephone base and the wall outlet. The power adapter connects to the wall outlet, not the phone line jack.
2. Slide the handset into the telephone base. You should hear a "click" when the handset is securely seated in the telephone base.
3. Place the telephone in a location where there is adequate access to a telephone line and electrical outlet. Check that the handset is in the telephone base. The handset charging indicator light should be on.
4. The LCD display shows the time and date when the phone is not in use.
5.电池安装和充电：
   1. 手机端口与电话线对接，确认充电开关ON。
   2. 当电池安装被访问时，充电显示正常。
   3. 电池连续充电。
6. 为了达到最佳性能，请将手柄放在电话基座，确保电池端口接触良好。
7. 为快速充电，请将手柄放在电话基座，确保电池端口接触良好。
