

Ideal on the nightstand, the accessory Petite Phone™ features a compact footprint and USB charging port. Guests will appreciate the corded comfort, while hotels will welcome the additional room for branding and speed dials. Since this accessory phone registers to a cordless base, there's no need to run an Ethernet cable or purchase a SIP license for installation. The result: lower infrastructure costs and a better guest experience.

Contemporary SIP Accessory Petite Phone | 1-Line CTM-S241P | 2-Line CTM-S242P

Key Features

- DECT 6.0 technology delivers superior sound quality while reducing telecom costs
- Corded design ensures familiar, comfortable guest experience
