Power Guard System Keeps a Spare Fully Charged Battery (Sold Separately) Always Available

Installation of Battery in Handset

1. Remove the battery cover and place the battery in the compartment with the metal contacts aligning, as shown in the diagram.

2. Replace the cover by sliding it upwards.

Setup

1. Plug the power adapter into an electrical outlet, and the connector into the bottom of the base unit.
2. Place the handset in the charger, and allow it to charge for a minimum of 12 hours.

Making Calls

From the handset
• Press ✆ /**FLASH** (on) or 🔊 to use the handset speakerphone feature.
• Dial the phone number.
-OR-
• Press ☎ /**CLEAR** (off) or place the handset back in its base to end your call.
• Press **OFF** to end your call or place the handset in its base to end your call.

From the base unit:
• With the base unit idle (off), press **MENU**.
• With the call log highlighted press **SELECT**.
• Use the ▼ and ▲ to scroll to the desired number.
• Press 🔊.
• Press 🔊 to end your call.

Answering Calls

From the Handset
• Press ✆ /**FLASH** (on) , 🔊 or any dialing keys.
• Press ☎ /**CLEAR** (off) or place the handset back in its base to end your call.
-OR-
  Place the handset in its base to end your call.
From the Base
• Press 🔊.
• Press 🔊 to end your call.

Handset Main Menu

Enter the handset main menu options by pressing **MENU/SEL**. Use the ▲ and ▼ NavKeys to scroll to **Phonebook, Call Log, Messages, Intercom, Settings, Sounds, Pictures** or **Animations**.

Base Main Menu

With the base unit in idle (off) mode, press the **MENU** key to access the **CALL LOG ,BASE SETTINGS, ANSWERING SYSTEM** and **REGISTER HANDSET** options.

```

Caller ID/ Call Waiting ID

On the handset
To access the call log, press the **CALL LOG** softkey.
- OR -
Press **MENU/SEL**, then the ▲ or ▼ NavKeys to scroll to call log menu. Press **MENU/SEL**.

Use ▲ and ▼ NavKeys to scroll and view the CID records in the call log. You can listen to the message while reviewing the call log. While reviewing the call log and the caller has left a message, the screen will display:
• Press the ▶ NavKey to play the message.
• Press the **STOP** softkey to stop the message.

If you wish to dial the number from this entry in the call log, press the ▲ and ▼ NavKeys to make a selection, then press ✆ /**FLASH** (on) or 🔊 to dial the number.

Dialing Tip
With the desired CID displayed, press # or **MENU/SEL** on the handset to scroll through the various dialing options. The possible options to choose from will be either 7, 10, or 11 digits. For example, if the original number in caller ID memory was 800-595-9511, then the display options will be:

On the base
With the base unit in idle (off) mode, Press **MENU**, then use the ▲ or ▼ NavKeys to scroll to call log menu.
• Press **SELECT**. Use ▲ and ▼ NavKeys to scroll and view the CID records in the call log.
• To dial a number while reviewing the call log, press the ▲ and ▼ NavKeys to make your selection, then press 🔊 to dial the number.
