

Model IS7121-2

2 Handset Audio/Video Doorbell Answering System

Audio/Video Doorbell Answering System

The first of its kind, this two-in-one cordless answering system and video doorbell combines a versatile phone system with a digital camera, for convenience and security at home

Front Porch Video Screening

Like Caller ID for your front porch, this video doorbell allows you to screen visitors before answering the door, without worry of being seen.

Take a snapshot, or stream video

The camera automatically snaps a photo and sends it to the handsets when visitors ring the doorbell. You can then stream video, audio, or both with just two buttons.
