### FREQUENTLY ASKED QUESTIONS (CON'T)

1. **Why do I get glare or blurry display?**
   - The screen is in black and white during night-time or in a dark room when the night vision feature is on.
   - The screen may also appear blurry or have a white glare on the parent unit when the baby unit is adapting to the environment.

2. **What is the battery status indicator?**
   - The battery status indicator displays the battery level and is located on the parent unit. It shows whether the battery is fully charged, charging, or low.

3. **How do I put the baby monitor in charging testing mode?**
   - To put the baby monitor in charging testing mode, follow these steps:
     1. Ensure the baby unit and parent unit are powered on.
     2. Charge the baby unit for at least 8 hours.
     3. Turn off the baby unit.
     4. Connect the baby unit to the charger.
     5. You can now view the charging testing mode.

### IMPORTANT SAFETY INSTRUCTIONS

- **FCC and IC regulations**: The baby monitor complies with the Federal Communications Commission (FCC) and Industry Canada regulations for the use of the baby monitor in Canada. For more information, visit the FCC website at www.fcc.gov.

- **Limited warranty**: The limited warranty period for the product extends for ONE (1) YEAR from the date of purchase. If VTech repairs or replaces the defective product, the warranty period is extended for an additional period equal to the time that has elapsed between the date of purchase and the date of repair or replacement.

- **California Energy Commission**: The baby monitor complies with the California Energy Commission (CEC) energy efficiency standards. For more information, visit the CEC website at www.energy.ca.gov.

- **RBRC® seal**: The baby monitor is a registered member of the Rechargeable Battery Recycling Corporation (RBRC). For more information, visit the RBRC website at www.rbrc.org.

- **FCC notice**: This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### LIMITED WARRANTY

- **30 Day Exchange Policy**: VTech provides a 30-day exchange policy for products purchased directly from VTech. For more information, visit the VTech website at www.vtech.com.

- **1 Year Limited Warranty**: VTech provides a 1-year limited warranty for products purchased from authorized retailers. For more information, visit the VTech website at www.vtech.com.

- **California Energy Commission**: The baby monitor complies with the California Energy Commission (CEC) energy efficiency standards. For more information, visit the CEC website at www.energy.ca.gov.
