

The VTech Advantage

Global leader in communications technology

- Founded in 1976, VTech is a \$2.1 billion global company with more than 25 years of experience in telephony. In 2016, VTech shipped more than 33 million handsets in 76 countries.
- In 2016, VTech acquired Snom Technology, a German pioneer in VoIP development. VTech has leveraged their global experience in telephony, engineering and manufacturing with the technical expertise of Snom to deliver an innovative and diverse product portfolio in the business market.
