

VTech Certifies Interoperability with Mitel MiVoice Business for Hospitality

VTech Hospitality announces certification of the 15 Series SIP Guest Room Phones on Mitel MiVoice Business

TIGARD, OR (June 23, 2021) VTech Communications, Inc. today announced interoperability of the 15 Series SIP guest room phones with Mitel, a global leader in business communications and collaboration solutions.

The two companies have joined forces to provide hoteliers with modern, cost-effective, and reliable guest room communication systems. This new certification means rapid, easily managed deployments on the Mitel platform with the latest VTech 15 Series SIP offerings running on software version 2.18.4.0.

Comprehensive tests involved the interoperability of Mitel MiVoice Business call control platform version 9.1. The Mitel certification applies to the following SIP Guest Room phones on the Mitel MiVoice Business communications solution, resulting in successful interoperability and ease of configuration:

VTech 15 Series Guest Room Phones:

- CTM-S2315 1-Line Contemporary SIP Corded Phone
- CTM-S2415 1-Line Contemporary SIP Cordless Phone
- CTM-S2110 SIP 1-Line Hidden Base
- CTM-S2115 SIP 1-Line Hidden Base with 1 Cordless Handset and Charger

“Our partnership means Mitel service providers and their hospitality customers globally can now access VTech endpoint solutions on the Mitel platform,” said Chad Collins, Vice President of Sales, VTech. “Mitels’ leading-edge communications platform along with the modern styling, small footprint, antibacterial, and feature-rich VTech SIP 15 Series Guest Room portfolio is the perfect combination to enhance the guest experience.”

Affordable, sleek, and customizable, the suite of VTech SIP endpoints seamlessly scales from economy to five-star properties. VTech backs their suite of products with North American-based sales, technical and support teams, as well as industry-leading warranties.
